

CASE COOLING

Spot Cool

See Spot run. See Spot blow. See Spot Cool where ever you go.

Antec's Spot Cool is specifically designed to mount on any motherboard to provide cooling wherever you need it most. Simply mount it on a motherboard mounting hole, angle the fan as you desire and power it from a motherboard fan connector. 3-speed switch lets you balance quiet performance with maximum cooling. Get active cooling for your RAM, or expansion cards, or wherever your system needs it, and you'll see even better performance.
